### **Stomatological Clinics**

- **Roberto Fernández Stomatological Clinic**
- **Leonilda Sombill Stomatological Clinic.**

Each one of the Dental Clinics has sterilization services for the medical instruments used in the services provided to the population and an oral health counseling service that carries out prevention, promotion and cure activities for oral and maxillary affections of the patients who come to receive dental services. They carry out community work through the health team made up of a doctor with a technician and in schools.

Stomatological services include: restorations, endodontics, periodontics and their treatments, orthodontics, prosthetics, laser therapy, acupuncture tooth extractions, among others. In addition to the oral cleanings that each patient must perform every 6 months to maintain the care and cleaning necessary to have good oral health.

The hours of the dental services that are provided are: Monday through Friday, from 8:00 am - 5:00 pm, Saturdays from 8:00 am - 12:00 noon, in addition to the extended hours from 5:00 - 7:00 pm Tuesdays and Thursdays. This area also has an emergency service.
